

We are high school freshmen in New Rochelle.

We have been Girl Scouts for many years. Now we are working on our Silver Award project.

There is no charge for this bracelet!

Our project is to provide the Special Education students in New Rochelle with an identification bracelet. We chose to do this project after reading about Avonte Oquendo and Senator Chuck Schumer's idea for tracking bracelets.

If you would like to order a bracelet the form is attached.

You can contact us at
